JULY 2013

PRESIDENT'S MESSAGE

I am pleased to welcome our new Social Director, Cathylee Granucci. Through the efforts of Dee Gilbride, Chairwoman of the Central Social Committee and other volunteers, there was an introductory gathering for Cathylee on the patio. If you weren't able to attend, stop by her office and introduce yourself. Cathylee seems excited to be here and we're excited to have her.

On the lighter side, with all of the problems there have been with elevators throughout the complex, this would be considered poetic justice by some. Steve, the technician from Otis Elevator, got stuck in the elevator at the Jefferson building and had to be rescued by our own Dane Clark. Good job Dane!

Respectfully,

Bob Spri

MANAGER'S CORNER

The start of July brings with it Independence Day, a day for all Americans to celebrate. You have to love a nation that celebrates its independence every July 4, not with a parade of guns, tanks, and soldiers who file by the White House in a show of strength and muscle, but with family picnics where kids throw Frisbees, the potato salad gets iffy, and the flies die from happiness. You may think you have overeaten, but it is patriotism.

**THE ADMINISTRATIVE OFFICE WILL BE
CLOSED THURSDAY AND FRIDAY,
JULY 4TH AND 5TH**

"NEW" SOCIAL DIRECTOR

Great news, we have a new Social Director and member of our administrative staff family. Cathylee Granucci began work on June 10 and has been in training with our Office Manager, Joy Shaw. Cathylee brings experience, originality and imagination with her to Sea Towers. We are all looking forward to all of the great events and social activities Cathylee can dream up.

HOME RENOVATIONS CAN GENERATE "LEAD"

Most Americans have long been aware of the dangers of lead, particularly in paints. Recognizing these dangers, the U.S. Environmental Protection Agency (EPA) recently finalized a new regulation to protect people from the lead generated by renovation activities like sanding, cutting and demolition. This work can create hazardous lead dust and chips by disturbing lead-based paint, which can be harmful to adults and children.

The new rule affects contractors performing renovation, repair and painting projects that disturb lead-based paint in homes, childcare facilities and schools built before 1978. Homeowners need to ensure that contractors engaged in this kind of work have undergone training and earned their certification. For contractors, this rule means they must be certified and follow specific work practices to prevent lead contamination. Once certified, the firm can advertise that it is certified by EPA under the RRP program, and will be given rights to use EPA's "Lead-Safe Certified Firm" logo.

Homeowners considering renovations can search for certified companies on the EPA website.

THE CARE AND FEEDING OF YOUR GARBAGE DISPOSAL

The powerful roar of your disposal's motor may convince you it can take on any garbage you throw its way, but it is important to remember that your disposal is not a trash can. Garbage disposals are designed to grind small bits of biodegradable food waste to help prevent clogged drains. Proper use and maintenance will not only extend the life of your appliance, but will also spare you unnecessary and costly service calls.

Do:

- Small amounts of skinless, boneless, pit-less and non-fibrous foods are safe to grind.

Don't:

- Shells, skins, husks, rinds and other hard or fibrous materials should not be put in the disposal (e.g., clam shells, oyster shells, corn husks, fruit pits, banana peels, avocado skins and bones).
- Large amounts of starchy foods (e.g., noodles and rice) should not be put in the disposal. Although they are easily ground, they expand in water and can clog drains.

Always:

- Run *cold* water when operating the disposal. Keep the water running for at least 30 seconds after you turn off the unit.

Never:

- Use *hot* water when operating the disposal.
- Put non-food materials through the disposal. This includes all types of glass, plastic and metals (e.g., bottle caps, aluminum foil and plastic wrap).
- Put harsh chemicals in the disposal or down the drain.

JULY QUOTE:

Let every nation know, whether it wishes us well or ill, we shall pay any price, bear any burden, meet any hardship, support any friend, oppose any foe, to assure the survival and success of liberty.

Social Director's News

First of all, I want to thank everyone here at Sea Towers for the heartfelt welcome I received since I came on board June 10th. The "Meet and Greet" gathering on the Patio had such a nice turnout, and what a pleasure to see so many familiar faces again! Thank you Dee Gilbride for organizing. The rice pudding, special punch, fruit salad, and desserts were delicious; set-up and flowers were beautiful. Again, thanks so much! As Social Director, my goal is to provide what is needed to plan and organize recreational activities and continue to create a friendly, safe, and welcoming atmosphere in our recreational facilities. Come on by and introduce yourself, if you haven't already, and let me know what kind of activities you would be interested in having. I will typically be in the office from 8:00AM-12PM and then from 12:30PM-3PM. Looking forward to providing the best job I can as your Social Director for Sea Towers. Thanks, Cathylee

As you know, our plumbing project is completed and it's on to the next item. We want to improve the look of our sidewalks soon. Also, our center island is in need of a re-do.

The ladies luncheon in June was hosted by Mary Dunn & daughter, Liz, at the Macaroni Grill. We took the opportunity to celebrate Eleanor Lukes' 90th birthday with cake and song. This month's luncheon will be announced on the bulletin board.

Our birthday celebrants for July are: Russ McElwain, Elizabeth Frechette, and Guy Brigandi.

That's it for today. Keep well and let me hear any news so our column can grow.

The View from Hamilton House

If you can't take the heat, get off the course or the court - a little twist on Harry Truman's tough guy line. It is that time of year when only those who like (or at least can bear) the heat hit the golf course or the tennis courts. You might recognize the models for these promo pieces:

The good news about living in Florida in the summer is that the golf courses and the tennis courts are much less crowded, so they open up, and allow for a more relaxed pace. The hot news is... it's hot out there. But you have to think that given the choice, we "permanent" residents have chosen the heat over cold feet.

But, back to outdoor sports in the sizzling summertime at Sea Towers. (I've been told that people who like alliterations are childish, but I just give them the raspberry.)

Ask anybody who plays the game of golf or tennis; once you know how to hit the ball, it's a mind game. We've all hit... well most of us who play or have played golf have hit at least one beautiful drive, fairway wood, chip shot and an unbelievable putt on an undulating green or a great passing shot. For now, we won't talk about the other 99 shots or so.

A last minute news items trickled in. Gerry Tedesco will be off to Ottawa for 10 days on a yoga adventure. Along that line, meditation can help your game. Still every Thursday evening in the Hamilton House lobby from 6:30 to 7:15. Currently conducting a meditative book reading of "Taming The Lions of Fear and Doubt," a work of visionary fiction.

Columbia Towers "The Gem of Sea Towers"

Happy July. Everyone.....

Ronnie and I are still in Philly. It's hot here also. My spies tell me that it's very quiet around Sea Towers. Apparently, most residents are elsewhere. We spent a few days in Mass. with our daughter, children and husband last month. It was also an eighth birthday party for our grandson and our daughter and husband's wedding anniversary as well. While there, we also celebrated our 49th.

Named after Julius Caesar, this month features our Independence Day celebration on the 4th (fly those flags people), and Bastille Day on the 14th. It is also National Ice Cream month. The birthstone is Ruby.

You may have seen Sharon Baker around our building. She's in and out of the second floor unit her daughter and husband own. Both of them are away serving our country. Her daughter is a Lt. Colonel in the US Army in Iraq and Afghanistan while hubby is a retired Colonel working as a contractor overseas for weeks at a time. Sharon not only keeps an eye on the unit but also watches over the couple's teen age children in Seminole. Sharon and her late husband were in the real estate business in the Ocala area for a good number of years. She has gotten the itch to return to the business and is finishing up the requirements to do so. She very much enjoys the security and pleasures of Sea Towers.

Our Columbians are still partying while the rest of us are away. There have been a number of meetings and cocktail parties on the deck. It's such a pleasure to enjoy the surroundings from there. Also the men joined the ladies for a luncheon recently at the China Buffet. Sounds like a good time was had by all.

I hear that the new furniture in the lobby looks great. Our place has to be a real showcase, especially with the gardens in full bloom. I also heard that the "brick" that signals mail delivery got a new coat of paint. Wow!

As always, I appreciate any news that I can use for the column. Thanks.

Heritage House

Happy Birthday America and all those born in the month of July. We at Heritage wish each and every one of you a great July 4th. Remember to keep checking the bulletin board for updates on summer events and parties. I heard that the "full moon howling" party, which took place on the deck, was great success. We will try that again when the harvest moon shows up.

Besides parties at Heritage, some of us look for fun when we are away from our favorite place. However, there will be daunting tasks ahead for some of us. Carol and Bill Puz will be checking out the mountains of North Carolina and seeing how far golf balls go when hit on that terrain. Carol and Dennis Harsch will be following the scent of strudel down the road to their favorite store in Germany. Beth and Chris Ballauer will be paddling down the Rhine and also boating on the Canals of Brugge, Belgium. Jim and Loretta Smith will try to find Lake Huron, which seems to have disappeared from their front door. Pat and Adam Robertson will be sitting on their patio making fun of all the golfers that go by. Eleanor McKiernan will be trying to see a few black bears in the woods of up state New York. Rose and Joe Pusaterio will be pounding the pavement of Chicago instead of the walk ways of Sea Towers and Brian and Kay Burke will be wearing out their tires traveling from Ohio to Upper Michigan.

Those of you we've left behind, man the fort and we miss you and can't wait to see you soon.

Until next time,
Pat Robertson

Dear Sea Towers Neighbors,

Just a friendly note to update our Sea Towers Community that Steve and I have moved to Clearwater for now and may return to live at Sea Towers in the future. Meanwhile, we look forward to visiting our Sea Towers and Columbia friends from time to time, and will miss you and this lovely place!

Happy Independence Day to all. On July 4, 1776 we claimed our independence from England and Democracy was born. Every day thousands leave their homeland to come to the "land of the free and the home of the brave" so they can begin their American Dream. In 1776 there were approximately 2.5 million people. The estimated number for this year is 316.2 million. The USA is truly a diverse nation made up of dynamic people. Each year on July 4, Americans celebrate that freedom and independence with barbecues, picnics and family gatherings. We invite all nations to celebrate with Americans on this Fourth of July.

There were 56 signers to the Declaration of Independence. Thomas Jefferson was regarded as the strongest and most eloquent writer, and he wrote most of the document. John Hancock, President of the Second Continental Congress, was the first signer. This merchant by trade did so in an entirely blank space making it the largest and most famous signature- hence the term John Hancock. Benjamin Franklin was the oldest. The different signatures represented different states. Most signers have had counties and towns named for them.

As we celebrate this Independence Day, we reflect on how our Founding Fathers enshrined the importance of statistics in our Constitution as a vital tool for measuring our people, places and economy.

So enough of the history lesson for now, have a great Independence Day whether you are with family, friends, or just watching the fireworks with strangers. Have a great day and remember those who are serving our country so we can have our Independence.

HAPPY BIRTHDAY AMERICA.

Till Next Month

Concord Towers Where the Good Times Begin

Happy 70th Anniversary Ruby and Gerald Johnson!

Ruby and Gerald were married June 19th in Houston, Texas. They currently reside at Sea Towers, in Concord 209. Their children, grandchildren, great-grandchildren, and many friends celebrate their remarkable 70 years together.

Jefferson House *The Oldest and The Best*

Well, we survived the first storm of the season, "Andrea". It brought a lot of rain and wind but we were lucky around here and it only cleaned the palm fronds off the trees. The Sunshine Skyway Bridge was closed most of the day and the Gandy Bridge was closed for a while due to some power lines on the road. My daughter works in Tampa and what usually is a twenty minute ride was almost two hours. She had to ride through Tampa to get back to St. Pete. She said there was a power walker who was going faster than she. So that gives you some idea of the day we had. Since then we have had some rain but no more storms.

It's very quiet around here since most of you left to go to your northern homes, hope you are enjoying the weather. I know some places have had some storms and tornadoes.

There are still some gatherings around the pool for a barbeque and chit chat. So that's always nice to see.

As we sit by the smaller pool, we do see dolphins following the boats. We always think the trainers teach them to jump and do tricks when we watch them in an amusement park, but I wonder who is teaching who?

Linda and Tom Arseneau's grandson Tommy had a great 6th Birthday. Joe and Cathy Wos' grandson Christopher, who just turned 8, lives near Chicago so they don't get to visit as often as they would like. But he picked a great theme party this year. They rented the pool at the park district for a couple of hours and put in a huge blow-up pirate ship so the kids could climb up and jump off and they had a wonderful time. Then they enjoyed pizza and cake. Luckily, the weather cooperated and it was warm enough to be in the pool.

Hope all the fathers had a wonderful Father's Day and it was spent with your children and grandchildren and you were able to do something you wanted to do and had fun.

HAPPY SUMMER EVERYONE !!!

So remember to "Chat with the Cat"

Continental Towers The Star of the Circle

Hi Everybody,

I'm Marge Rolfs and I have volunteered to write the newsletter for Continental Towers.

The lazy, hazy, crazy days of summer are upon us. What better place to be than Sea Towers --Boca Ciega Bay, a lagoon, two swimming pools and wonderful neighbors. Let's enjoy every minute of it.

We would enjoy hearing about any summer travel experiences to spotlight in a future newsletter. Please email me the details at mrolfs1@tampabay.rr.com. Also, if you are new to our community, please let me know. I would like to get to know you.

Joan Roberts has given me the following social news:

- We all enjoyed our June luncheon at the new Cheddars restaurant on Park Blvd. Thanks to Betty Blair for planning this event.
- Check the bulletin board for the sign-up sheet for our July luncheon.
- July 4th is our breakfast at the Beach House starting at 9:30 am.
- Mark your calendar for our Christmas Dinner on Wednesday, December 4th at the Holiday Isles Elks Lodge. More details to follow.

That's it for now from Continental Towers. Have a wonderful 4th of July.

Regards,

Marge Rolfs

PLEASE SHOWER BEFORE ENTERING THE POOLS

In these days when everyone is concerned with using sunscreen to prevent sun damage while at the pools, it is necessary to remember to **ALWAYS** shower before entering the pool when suntan lotion is used. Not only will this help prevent the unsightly ring that forms around the pools, it will also help prevent clogging of the pool filters and skimmers. Sun tan lotion will eventually clog the filters that routine backwashing does not remove, and necessitate replacement of filters, thereby creating an expense that is above and beyond our pool maintenance agreement.

Thank you for your co-operation.

IMPORTANT NOTICE FOR UNIT OWNERS

If you are planning on renting your unit, avoid delay to your renters by supplying the following paperwork:

1. Lease Approval Request Form
2. Copy of current Photo ID
3. Copy of Lease Agreement between owner and renter

All paperwork MUST be completed and turned in to the Administration Office twenty (20) *business* days PRIOR to their arrival. There is a processing fee for Lease Approval Applications including those who are changing units and/or buildings. Renewals are expected to follow the same procedure. Remember, the minimum rental is three (3) months. Owners renting their unit PLEASE remember that the carport for the unit goes with the lease, as this is the assigned parking space for that unit. Renters who show up without the proper paperwork on file will be delayed until we can obtain information from you, the owner.

Savvy Seniors Hire Licensed Professionals

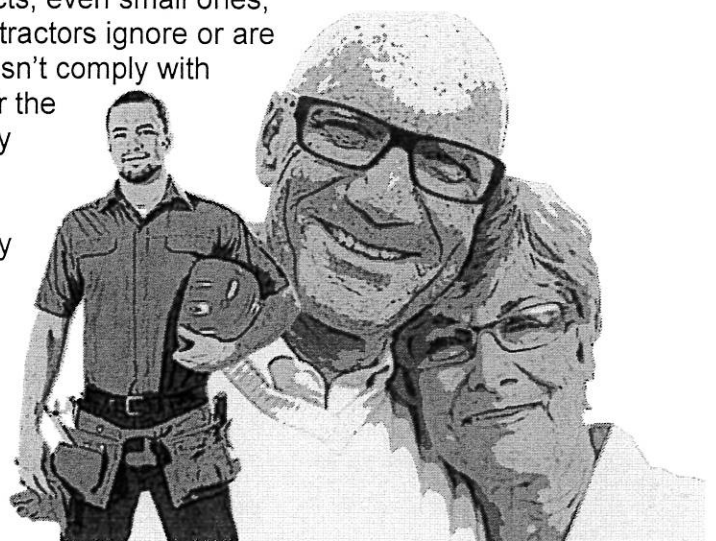

Unlicensed Activity is against the law and can cause physical and financial harm. Check to make sure that those who you hire to work on your home hold the proper license(s). Plumbing, AC and roofing are just a few of the services that require a license. Often times unlicensed contractors and scammers prey on Senior citizens. Be a SAVVY SENIOR! Verify Licenses. Hire Licensed Professionals.

Dangers of Hiring an Unlicensed Person

- **Poor qualifications.** Unlicensed persons typically do not have the education, insurance, or qualification required of a licensee.
- **Poor quality work.** Unlicensed contractors typically do poor quality work or do not finish the project, leaving the homeowner to spend more money hiring another contractor to repair or finish the project.
- **Possible criminal background.** Unlicensed persons often have criminal backgrounds that may include fraud, theft, violent crime, sexual offenses, and substance abuse.
- **Likelihood of being the victim of a scam.** Unlicensed persons often disappear after taking your money, leaving you with very few options to help you get your money back or your work completed. Scams in the construction industry, especially home improvement, sadly are, widespread. Con artists pose as contractors and often target vulnerable people and take advantage of homeowners.
- **Limited resources for broken contracts.** When you have a dispute with a licensed contractor, you call the Department, which has the authority to discipline and even revoke the license. This gives the licensee more incentive to play fair. However, this type of action is not available against unlicensed contractors and homeowners often find the only answer is an expensive, and generally futile, civil suit.
- **No insurance and liability for injuries to others:** An unlicensed contractor typically is uninsured and will have no way to pay you back for any property damage. You may end up being liable for personal or financial injuries to others.
- **No coverage under homeowner's policy.** Most homeowner policies require that work must be done by a licensed contractor and provide no coverage for work that is not.
- **Noncompliance with building codes.** Most projects, even small ones, require permits and inspections that unlicensed contractors ignore or are unfamiliar with. If your project isn't permitted or doesn't comply with the building code, you may have to remove or repair the work at your own expense and be subject to fines by local government.
- **Liens being imposed on your property.** You may be subject to liens placed on your property by subcontractors or suppliers.
