JUNE 2017

PRESIDENT'S MESSAGE

What a wonderful time was had by all that attended the celebration luncheon in April. The food was delicious and the entertainment was great and there was a large turnout for this special occasion. A great big Thank You goes out to the Central Social Committee for all the effort that was put into this successful event. As I have said in the past it is so wonderful to have such nice residents who volunteer for the activities that they make possible for us to enjoy. With the beautiful umbrellas and the tiki hut it's making Sea Towers a beautiful place.

Living in Sea Towers gives you that resort feeling. We have all the amenities that a resort has. The residents that live here always can keep busy and never get bored. And this is why we are fortunate enough to live in Sea Towers.

Now we have a different matter to discuss. It seems that someone keeps dropping off domestic rabbits into our complex. The problem is that once they are here they die. The rabbits would be better off placed in a rescue facility or in a family with children. If anyone knows who is dropping the bunnies off please tell them to stop.

Sincerely,

John Apache

MANAGER'S CORNER

Another month has come and gone and the dog days of summer are upon us. Also, the first day of June marks the start of Hurricane Season.

HURRICANE SEASON

In preparation for Hurricane Season, the Maintenance crew will be inspecting the hurricane panels as well as all of our other hurricane supplies necessary to protect the common property. If a hurricane were to be projected to strike in our area, our maintenance, and custodial staff would secure the common areas and then head home to be with their families, all personnel, including security will be evacuated from the property.

If you are someone with special needs, please be sure to fill out the **Pinellas County Evacuation Assistance/Special Needs Registration** form in the back of this month's Chatterbox and return it to the Office of Emergency Management. For more information, you can contact the County at (727) 464-3800.

As we are all aware, during hurricane season the need to evacuate may arise. If it does become necessary to evacuate and the order is given, I recommend that you do. Possessions can be replaced; people cannot. I can tell you from personal experience once you have seen the aftermath of a direct hit, your respect for the force of a hurricane and the devastation it can cause changes quickly. We have been very fortunate here at Sea Towers, but, as we all have heard so many times, it is not a matter of "if" but "when" a hurricane will strike.

Now is a good time for you to plan for the possibility of an evacuation. Take pictures of your condominiums interior, e.g. all rooms, closets, inside cabinets, drawers, etc. Gather up all of your important papers (insurance mainly), and keep them in a waterproof container that is easy to get to and easy to carry. Stock up on all of your necessary medications. When the storm approaches, make sure you have enough cash on hand. Remember if the electricity has been shut down by the County, the elevators, ATMs, and gas pumps will not be working, so do not forget to fill your vehicle's gas tank and have some cash available.

Most importantly, **have a plan and a place to go if necessary**. Notify family or someone who lives out of the area where you will be. Phone service, both mobile, and

landline will be overloaded, and it may not be possible for you get in touch with anyone for some time.

With the advent of the "electronic age" and many of us are keeping financial records as well as other documents on our home computers, it is a good idea to back up any information on a portable storage drive and take that information with you as well. There are many inexpensive external data storage devices on the market to accomplish this; some so small that you can carry all of your information in your pocket or purse.

FATHER'S DAY & FLAG DAY

Father's Day is June 198, in many countries. It is a celebration honoring fathers and celebrating fatherhood, paternal bonds, and the influence of fathers in society. Many countries celebrate it on the third Sunday of June, but it is also celebrated widely on other days. Father's Day was created to complement Mother's Day, a celebration that honors mothers and motherhood.

Flag Day in the United States is celebrated on June 14. It commemorates the adoption of the flag of the United States, which happened on that day in 1777 by resolution of the Second Continental Congress. The United States Army also celebrates the Army Birthday on this date; Congress adopted "the American continental army" after reaching a consensus position in the Committee of the Whole on June 14, 1775.

Arthur Penny, your Community Manager

Rabbit Rescue presentation during the Ice Cream Social

Did you hear the good news?

The Tampa Bay House Rabbit Rescue (TBHRR) was here at Sea Towers during our April Ice Cream Social. They provided an informative presentation on saving domesticated bunnies. Sünje and Kurtis spoke to residents about the domestic white and black pet bunnies abandoned at Sea Towers. These bunnies can not survive outside in the elements, and were successfully captured and taken to a safe place for medical care. Follow their story on Facebook at <http://tbhrr.org>

Thank you,

Lexington Towers

"June is busting out all over" the wind is hot, the grass is drying up, fires are bursting out all over, and it's not even the first day of summer. That is the 21st. This time of year, we should have afternoon showers, hot and muggy, with thunderstorms and severe lighting, lighting up the sky.

June is also a special month for fathers. Less than 1% (140,000) Americans. 22.5 million married families with children under 15 had a stay at home dad in 2008.

Father's Day is one of the most awaited holidays in the world. It represents the day when we tell our dads how much he means to us and how lucky we are to have him in our life.

Father is neither an anchor to hold us back nor a sail to take us there, but always a guiding light whose love shows us the way. The warm light of his love shines in my memories and in my heart reminding me of his guidance, his care and most of all his love.

When a man is there to help raise a child, teach him respect, honesty, how to give of themselves and to love themselves and their family they may call themselves dad.

"Happy Father's Day to all dads out there"

Thailand Father's Day is celebrated in December on King Bhumibol Adulyadej birthday and everyone wears yellow.

In Germany, men drink all day at beer gardens.

Well, most of all our northern friends have left and the complex is getting quieter by the day. Now that they are gone, our large summer projects begin.

It's been a great winter at the Lexington building. Fantastic get togethers with great food. So while at water aerobics, Roxie and Sue thought it would be a great idea to have an appetizer and pie get together on the 2nd floor balcony to celebrate Memorial Day.

Remember: Be thankful for today, because in the blink of an eye your entire life can change.

Jefferson House *The Oldest and The Best*

Well, June is here and most of the northerners have departed for their other homes and hopefully, they had a safe trip back.

We want to wish all the fathers and wonderful Happy Father's Day and that they all enjoy themselves with their families. I'm sure all the Grandpas enjoy their time with their grandkids and have fun.

Ted and Shirl Wilson were honored with a private performance by Susanna Doherty, an opera singer who performs throughout the world. She had heard, through her Mom, Gerry Doherty, that Ted had wanted to hear her sing "Danny Boy" when she was here last year. Since she wasn't able to sing "Danny Boy" she felt bad and decided to surprise Ted and sang for him in their living room! Susanna also sang "You'll Never Walk Alone" and everyone was in tears. Susanna will be travelling to Berlin, Germany in August, where she will continue her career in music. It must have been a memorable evening for them.

Eileen Flanagan's daughter Kathleen came in for a visit and Eileen went back home with her so she could have company on her trip back.

We want to thank all of our governors for doing a great job this year and hope our summer will be quiet so they can have a rest from all their meetings.

Joe and Cathy Wos took off for a few days to Biloxi, Mississippi to the Beau Rivage for some relaxation and fun. They had a great time.

Since this is June please be aware of it being hurricane season for us. Make sure you are prepared and that if you need to leave you have done so properly. Keep an eye on the news and weather and following what you are told to do. I'm hoping we will have a nice mild summer even though we do need the rain, I hope it doesn't come all at once.

So until next month, Remember to "Chat with the Cat"

Washington Towers

June, The month of the Rose. Most residents have gone north, and those who remain hibernate a bit more during the summer months so Sea Towers gets quiet. There are many interesting events that take place in June so here are just a few.

D-Day, June 6, 1944. General Eisenhower told his troops, "The eyes of the world are upon you." 160,000 troops, half of which were Americans and 20,000 vehicles landed on the beaches of Normandy. The Allies flew 14,674 sorties between midnight and 8:00 AM., the largest invasion in the history of mankind. Over 10,000 Allied troops were killed of which, 6,603 were American, 2,700 were British and 946 Canadians. This invasion turned the war around. There is nothing that can be written or spoken that could show the amount of gratitude we have for those troops that day.

June 14th, Flag Day. The Flag means many things. It is a mark of identification of ships at sea and of armies in the field. It is a means of communication. When the Flag is in front of a home, it says to the entire world, "Here lives a family that is American in spirit as well as in name." The Flag is a mirror, reflecting to each person his own ideals and dreams. It is a history, its stars and stripes embrace a record written greatly during the years since 1776. It is a mark of great pride, in a great word...The word "American". It is an aspiration, of what small children want their lives to be. It is a memory at the end of life, of all that life has been. It is a ribbon of honor, for those who served well, in peace and war. It is a warning, not to detour from the long road that has brought our country and its people to a degree of prosperity and happiness never even approached under any other banner.

June 18th, Father's Day. A day that wives and children show gratitude to dear old dad. Somehow those handmade paintings and homemade cards fill our eyes and choke our throats, dad's day is fulfilled, less a ballgame or maybe a trip to McDonald's.

June 21st, Summer Solstice, the longest day of the year. The day when sunlight blankets the entire Arctic Circle and Antarctica has complete darkness. You might think with all this sun it would be the warmest day, however the oceans and the land-mass hasn't warmed enough yet to allow for higher temperatures.

Ed Hansen's (208) brother, Sully, got married on April 29th. Many Washingtonians were present and enjoyed the special occasion. Bob and Joanie Leichtfuss (806) enjoyed a dinner cruise with Kathy and Dennis Meek, friends from Rochester, NY

So, if you're a father, relax on June 18th, fly the Flag on June 14th, but most of all remember those from June 6, 1944 who gave it all so you could enjoy your family and fly that Flag.

Thanks to Betty Frain, who sent the nice article on The Flag

Heritage House

It is time for June to be "busting out all over."
Now that Mom had her turn, it's Dad's turn. A Happy Father's Day to all you dads, Grandfathers, and those who feel like one.

June is also a month of Military events. Our resident military person is Bob Fredrick. He served in the Navy aboard the USS Oakland and was on the flag ship when the treaty with Japan was signed. I'm sure he knows that in the month of June the Battle of Midway began, D-Day came about, the GI Bill was signed, the start of the Korean War took place and the country celebrates Flag Day. With all this in June, we at Heritage thank all of "our" veterans and those who live around us. Thank you for your service.

As the "season" winds down, we thank our Governors E.J. Levesque, George Clark and Ellen Arreola, for their efforts on behalf of the Heritage Family.

Just a subtle reminder that it is prohibited to put items such as plants, herbs, do-dads, welcome mats, etc. on the walkway carpet. If you are new and did not know this, take note. For those of you who always knew it, remove your items please.

For our residents who traveled back to their homes in other states, we hope you had a safe trip and your summer with family and friends remains the same. Have a wonderful start of summer and remember to stay hydrated and keep cool.

Until next time,

Columbia Towers *"The Gem of Sea Towers"*

Lots going on in Columbia these days. Our terrific new pavers have been laid. Elevator updates are coming soon. Thanks to our super governors, Buz, Dan and Joan and committees for sterling work. Also thank Joan and husband Tom for planting and trimming our garden; it looks beautiful.

Dyan Palladino flew to Shanghai, China to see her friend, Jung. They went to Mount Li, where many of the emperors lived and where Chiang Kai-shek was kept under house arrest. They also went to Xi'an, where emperors are buried, to see the famous 8000 terracotta warriors, chariots and horses. They visited a zoo which was like Jurassic Park, travelling in zebra reinforced cars to view exotic animals roaming free. Ask Dyan about match.com Chinese style.

Welcome:

Shelley and Ty Lashley #910. They came to Florida from Nebraska 17 years ago and are looking forward to living in Columbia full time when they retire from teaching middle school in Citrus County. Ty teaches ESC children 6-8th grade; Shelley is a 7th grade Civics teacher. I spied a guitar when they moved in and Ty admits he plays- I suspect rather well, but he is modest. Can't wait to hear him.

Joan Quinn and Vince Pupo #604, lived outside Buffalo. Joan was a registered nurse in Children's hospital for 28 years. Vince is a Marine who served in Vietnam and who then became a Detective Constable in Erie County. They were attracted to Sea Towers partly because Joan has a brother and sister-in-law living in Washington building, Jim and Penny Gleason.

Charles Reick and his wife, Debbie Berry #610 are originally from Baltimore, but lived in St Petersburg previously for 10 years, also in LA, but are now happily back here. Charles was a respiratory therapist for 42 years. He also taught English and is a Shakespeare Aficionado. He makes amazing models, which I got to see. His wife, Debbie, is a registered nurse and is still working as the VP for Prospect Medical Holdings. She loves tennis and can't wait to start again, so you tennis players - make contact.

Donna Ryan #105 was a revenue officer in South Florida and northern Kentucky. She lived previously in Lexington Towers in 2001. After retirement, she resurrected her love of dancing, and danced in and choreographed the "Jesters" performance at the Top of the World for 8 years. (Hey Claire McDonough - help for Follies 2019) I also met Donna's loquacious boyfriend, Van Farber, who grew up in the Bronx, was an educator and an MBA and baseball player. His proper name is Ivan, but there were 4 Ivans in his heavily Russian area, so his teacher renamed him Van.

Please send me news and **please** volunteer to write our column - it is a great way to meet people

Concord Towers **Where the Good Times Begin**

As I write this I am looking at cloudy skies with temperatures of 55 degrees, wishing I was in the muggy heat of Florida right now. I always like coming to Sea Towers and the Concord at the end of June, when everyone else has headed north, because it means I am finished work for the summer. I look forward to the heat, the fabulous thunder and lightning storms and the quiet time to catch up on reading or walking the beaches in the morning.

Although we may miss the snowbirds as they head north this time of year, there is a lot to be said for Sea Towers in the summer. Of course, number one is less people. Many of the floors at the Concord have very few occupied condos. This means the wait time for elevators is less, you can wash your clothes whenever you want, and if you want to swim laps in the pool there is room. Finally, the restaurants, roads and beaches are much less crowded.

With less people on site, I think those that stay are more likely to talk to their neighbors or those they meet in the club house. So if you are around this summer, take the time to meet someone new.

I have not received a lot of news this month. I think too many people are in transit. We do have a change in governors at the Concord. John Probeck has stepped down, and Kathy Kolanowski, from 709, has taken his place. Our governors are now Henry Guzman, Chairman, Paula Hlister, Vice-Chairman/Secretary and Kathy Kolanowski, Treasurer. Thank you all for your service in these positions.

Speaking of serving the building, both Marjorie Figg and Cate Jerome, who have tirelessly been attending to our plants, will be gone for the summer and early fall. We need people to agree to water and maintain what we have left of our once beautiful tropical garden.

I will be in town from late June until mid-July. If you have any news, please let me know.

Happy Father's Day to all you aging Dads out there!

Continental Towers
(The Pinnacle on the Peninsula)

Greetings and Salutations!

"Smell the sea, and feel the sky. Let your soul and spirit fly."
Van Morrison

As you read this article, Mike and I are driving north, soon to luxuriate in the invigorating breezes found on the shores of Lake Superior. Farewell to our Sea Tower friends; have a great summer and we'll see you early in the fall. This will be my last column until fall.

June is a month for celebrations; weddings, family reunions, Flag Day, Father's Day, and of course, the Summer Solstice – the longest day of the year. Happy June, Everyone!

Even though it's early summer, Carol Colvin, Continental Towers' semi-retired Social Director, has published our social calendar for 2018. Here it is:

- Jan 15th - BBQ @ Beach House
 - Jan 21st - Pot Luck @ Club House
 - Feb 10th - Breakfast @ Club House
 - Feb 19th - BBQ @ Beach House
 - March 12th BBQ and Strawberries @ Beach House
 - March 31st - Annual Picnic @ Beach House
 - April 14th - Omelet Breakfast @ Beach House
 - April 16th BBQ @ Beach House
- Check the bulletin board for updates and sign-up sheets.

Also, mark your calendars for the annual Continental Towers' Christmas Party to be held on December 5th, 2017.

Lots of exciting events forthcoming!

Enjoy the Summer!

GATE ACCESS PROCEDURES

If you are new to Sea Towers welcome, if you are a returning to Sea Towers welcome back. The following are some tips to insure your guests or contractor get through the gate quickly.

1. Please call the gate no more than twelve hours prior to your guest/contractor arrival. The gate is not set up for any further advance notice then twelve hours.
2. Please do not walk up to the gatehouse, to request a guest or contractor entry, the gate at Sea Towers is not a pedestrian gate, it is not safe. In addition, the officers must direct their attention to the entry lanes and the phone, before they can speak to you as a walk up.
3. If you are an owner or renter, not in your decaled vehicle. Please have your I.D. ready to show the officer.
4. Please let your guests or contractor know your building name, unit number, and your name. This will speed up their entry.
5. Let the officer know if the person you are expecting is a contractor or guest. If they are a contractor, what are they doing i.e. maid/cleaning service, providing an estimate for work, A/C or water heater install, painting, carpeting, etc.
6. It is not necessary to let the officer know what type of vehicle your guests or contractor is in.
7. Gate attendants are ***not*** allowed to hold, accept or sign for keys, mail, luggage, deliveries, etc.

Savvy Seniors Hire Licensed Professionals

Unlicensed Activity is against the law and can cause physical and financial harm. Check to make sure that those who you hire to work on your home hold the proper license(s). Plumbing, AC and roofing are just a few of the services that require a license. Often times unlicensed contractors and scammers prey on Senior citizens. Be a SAVVY SENIOR! Verify Licenses. Hire Licensed Professionals.

Dangers of Hiring an Unlicensed Person

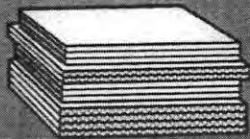

- **Poor qualifications.** Unlicensed persons typically do not have the education, insurance, or qualification required of a licensee.
- **Poor quality work.** Unlicensed contractors typically do poor quality work or do not finish the project, leaving the homeowner to spend more money hiring another contractor to repair or finish the project.
- **Possible criminal background.** Unlicensed persons often have criminal backgrounds that may include fraud, theft, violent crime, sexual offenses, and substance abuse.
- **Likelihood of being the victim of a scam.** Unlicensed persons often disappear after taking your money, leaving you with very few options to help you get your money back or your work completed. Scams in the construction industry, especially home improvement, sadly are, widespread. Con artists pose as contractors and often target vulnerable people and take advantage of homeowners.
- **Limited resources for broken contracts.** When you have a dispute with a licensed contractor, you call the Department, which has the authority to discipline and even revoke the license. This gives the licensee more incentive to play fair. However, this type of action is not available against unlicensed contractors and homeowners often find the only answer is an expensive, and generally futile, civil suit.
- **No insurance and liability for injuries to others:** An unlicensed contractor typically is uninsured and will have no way to pay you back for any property damage. You may end up being liable for personal or financial injuries to others.
- **No coverage under homeowner's policy.** Most homeowner policies require that work must be done by a licensed contractor and provide no coverage for work that is not.
- **Noncompliance with building codes.** Most projects, even small ones, require permits and inspections that unlicensed contractors ignore or are unfamiliar with. If your project isn't permitted or doesn't comply with the building code, you may have to remove or repair the work at your own expense and be subject to fines by local government.
- **Liens being imposed on your property.** You may be subject to liens placed on your property by subcontractors or suppliers.
